Attention: Research Grants Officer

We have not received any recent information regarding research funding from your agency. We would appreciate receiving a current information statement from you in order to distribute this information to our 294 research members. Placement of the Research Institute on your permanent mailing list for both guidelines and application forms would be most helpful.

Please feel free to also send us announcements of your grant/fellowship competitions for publication in our official newsletters.

Thank you for your kind cooperation.

Sincerely yours,

Diane Marcoux
